10 New Venues in Boston for Summer Entertaining and Events

2. Freepoint Hotel

Brand new as of April, the 121-room [Freepoint Hotel](#) is a modern and eclectic venue in tech-forward Cambridge's Fresh Pond neighborhood. A 700-square-foot "secret garden" (so-called as it's hidden behind the back lobby) located just off the bar and lounge is a unique outdoor event venue with fire pits, lush greenery, and birch trees. The open-air atrium has a nature-inspired interior design aesthetic and accommodates as many as 30 guests for cocktail-style events. The semiprivate back lobby, which accommodates small events for 43 seated guests or 60 for cocktails, can be conjoined with the secret garden for as many as 90 standing guests.
